

Dear Student Athlete:

You have been nominated to join Team Stars & Stripes 2011 by someone who has followed you throughout your high school academic and athletic career, and has been impressed by your achievements and maturity. This nomination indicates that you would be an asset to our team that will be traveling to Germany, April 9-17, 2011 for an educational and athletic tour. As president of Global Football, I want to congratulate you on your success, wish you the best in your future endeavors, and hope that you will be able to join our team!

Since 1996 I have been extremely fortunate to have created and produced football games in some 19 different nations, with amateur teams of various levels, and Germany is one of my very favorite places to visit, experience and play football. You will find Germany to be full of historical and cultural wonders, along with gracious people. While English is spoken by some, German is the language there. The Euro is the currency, and football has been played at a solid level for decades due to a progressive junior development program that is among the best in Europe. During our tour you will visit the classic town of Rothenberg, and experience Munich and the Bavarian region with all its pastoral beauty and history. Your parents, family and coaches are also encouraged to join you for a tour we will offer them. While you may miss one week of classes at home, the knowledge you gain in Germany will be greatly expand your knowledge of the world.

Along with our coaching staff we are looking for 44 top quality young men who will be proud to represent our country, their school, their families and themselves! We need high school seniors with solid academic backgrounds, high moral character, students who will be unique ambassadors for our sport, and who love playing the game known overseas as American Football. We plan to play hard and fast, to demonstrate the high quality of football played in our country, and to come home with a victory.

If you want to accept this challenge I would ask you to please complete the attached form and submit it to: Anita Freeman, fax 214-363-1180, whose Anthony Travel group handles our flights, payments and numerous other trip details. Or you can reach her by email anitafreeman@anthonytravel.com . Also, send an email to Coach Jeff Scurran to notify him of your sincere interest in playing, coachscurran@yahoo.com.

Applications must be submitted by **December 1, 2010**. Team selection will be made by December 10, 2010, with commitments and your \$250 deposit will be needed by January 10, 2011. If the roster is not full by that date, nominations and applications will continue to be accepted until the team is complete. The total fee to travel and compete in the Global Bowl Germany 2011 is \$3,495/player, including round trip flights from New York City and all ground expenses in Germany. You will be playing a German All-Star Team in Munich on Saturday, April 16.

If you, your coach or parents have any questions, feel free to contact myself, Patrick Steenberge, Patrick@globalfootball.com, 817-219-7274, or Coach Scurran above. I hope you can join us!
