

## YOU'RE INVITED TO COMPETE IN IRELAND!

Florida State vs Georgia Tech - Aviva Stadium 2024

Friday, August 23, 2024, the day before Florida State and Georgia Tech, select High School teams will be featured as a part of G.I.F.T. The trip will include a 6-day educational football tour for your team, cheerleaders, marching band, families, alumni, and friends. This historic event will be produced for the 5th time since 2012 by Global Football President and Founder, Patrick Steenberge. Due to the popularity of this event, there will be a limited amount of team slots available so please inquire now!

Check out what past teams have said about G.I.F.T.:

*"We are honored to be traveling abroad to open our 2023 season, which will be an invaluable experience for our student-athletes to explore a new culture and engage in all that Ireland has to offer," commented Larry Baggitt 'H18, Seton Hall Prep Director of Athletics. "We are impressed by not only the level of competition, but the educational opportunities that the Global Ireland Football Tournament provides. I also look forward to our program alumni joining and supporting our team for this incredible opportunity."*

*"All I know is that we took, with your help, 140 Hamilton High School students to Ireland and back, and they had the time of their lives! They continue to talk about the experience and will do so for years. It was nice to return home and get a win just days after GIFT. Thanks for all you did for our kids and school." Dick Baniszewski, Hamilton High School Arizona, Director of Athletics.*
